Citrus Order Deadline: Order must be in the office by Friday, 3/19 for Delivery by 4/5

PUBLICITY ALERT! Sunset magazine's March issue had a one page feature (p. 42) on Dwarf Citrus trees. Be prepared for consumer questions. New varieties mentioned & availability are listed below:

Variegated Pink Eureka Lemon: Sunset calls it the "one tree to grow if you are buying citrus", however, Four Winds says that if your customer wants fruit, they will get much more from the non variegated parent "Eureka Lemon". This new variegated Eureka is attractive & fast growing, but is slower to fruit. Available for purchase now for 4/5 delivery [click here to order](#)

Australian Finger Lime, Organic Meyer Lemon & Gold Nugget Mandarin: Currently not available, however, we can take order requests for next year. We will keep you posted on any early availability [click here for an order request](#)
